Quick Reference Guide

MANAGE MAILBOX HINTS

Select a greeting for your mailbox: You can record seven different greetings that can be selected at any time, or choose to use the prerecorded system greeting. Check your greeting frequently to ensure your information is accurate. Name (and extension) recording is used for directory information, system greeting, and user identification.

Change your security code on a regular basis. Record a List Comment to identify/name the list.

MAIN MENU

- 1** Manage Mailbox
- 2** Change your Greeting
- 3** Change your User Options
- 4** Change your Security Code
- 5** Change your Busy Greeting
- 6** Change your Name
- 9** Return to previous menu

MANAGE MAILBOX

MESSAGING HINTS

New Messages play before **Saved Messages** unless you press **7 7**.

Urgent Messages play first in the **New Message Queue**.

Message Forward Comments play first followed by the original message.

Private Messages cannot be forwarded.

Pause/Resume: Press **4** while playing/recording a message to pause (30 seconds); press **4** to resume playing/recording.

To send a **Direct Message** from the Company Greeting, press **9 9 9** or _____ followed by the User ID.

To access the **Directory**, press **4 1 1** from the Company Greeting.

Strategy may be configured so that you can press **0** from the Main Menu and enter another User ID without having to hang up (exit User Mode).
